

Fire Uniform Service Charge

Fire Uniform Service Charge: The Uniform Service Charge for Fire is assessed to all buildings, including homes, businesses, churches, not-for-profit organizations and government agencies except a City or Municipality that has a fire department (**see list below**). The amounts collected are used to fund the County's 11 volunteer fire departments. This county funding provides for debt payments on fire district equipment as well as a monthly allotment to each district.

Beginning with Tax Year 2009, the charge is assessed by TOTAL square feet of the type buildings on the property.

Excluded Tax Districts:

- 9 City of Greenwood
- 41 Orchard Park
- 51 Springwood
- 3 Town of Ninety Six
- 14 Town of Ware Shoals
